2023 Benmar Sand Dune Chardonnay  
Dundee Hills, Willamette Valley

## 94/100 Decanter

“...clean, bright, and vivid elegance, paired with **pure fruit expression that captures energy and tension...**

showcasing lime and lemon pith, white flowers, orange oil, and Marcona almond notes, all of which build weight and luxurious textures on the medium-bodied palate, supported by grippy acidity and mineral tension that stretches through the long, lingering finish.” - Decanter

BENMAR — A testament to family, crafted with love. Named for my children Bennett and Marecca, their energy and spark echo in every bottle. The photo, taken by my wife Jen, captures the essence of the Pacific Northwest, our cherished home.

In Jen's words: “Sand Dune was taken from the top of the big sand dune in Cape Kiwanda (Pacific City, Oregon Coast). I had seen some photographs of another Haystack Rock that wasn't in Cannon Beach and tracked it down on Instagram. Turns out, the Haystack Rock in Pacific City is the larger of the two, but it's farther out in the water.”
